

IF AN IDEA DOESN'T HAVE WINGS, IT WILL NEVER HAVE WHEELS.

SHARE YOUR PASSION IN A TEAM OF FREE THINKERS.

We at BMW Car IT GmbH take the responsibility for software across domains. By delivering software all the way from the idea to the final product we lead BMW into the future of digitalization.

Internship: Software Development for Driver Assistance System Tooling (m/f)

At BMW Car IT in Ulm we are working on the development of the latest generation of driver assistance systems. You are going to join one of the software development teams and support their QA activities. In close cooperation with the developers you will develop visualizations (for in-car and offline usage), tools and scripts to process and analyze traces and new features for our test environment.

Requirements:

- Experience in C++ software development
- Basic practical experience in Python
- Knowledge in QT is beneficial
- Curiosity to learn new things
- Fluent communication in German or English

Location: Ulm
