

IF AN IDEA DOESN'T HAVE WINGS, IT WILL NEVER HAVE WHEELS.

SHARE YOUR PASSION FOR INNOVATIVE SYSTEM FUNCTIONS

At BMW Car IT, a wholly owned subsidiary of BMW AG, we live and breathe software. We design and implement embedded software for the electronic control units of the BMW cars as well as related tools and frameworks.

Working Student (f/m/x): Software Developer in Test Automation for Infotainment

As part of our software development team you will work on the latest generation of Infotainment systems to support their QA activities. Your tasks are to develop automated test cases and enablers for automated testing as well as analyze and visualize test results from our test environment.

Qualifications:

- Experience with Python
- Passion for testing and Test Automation
- C++ programming skills are beneficial
